LaGrange Development Authority Launches Georgia International Business Park, CEO Sustainability Roundtable Planned

LaGrange, Ga. March 21, 2018 – The LaGrange Development Authority is officially launching the Georgia International Business Park located in LaGrange, Georgia.

“This is the largest business park in the Southeast and the fourth largest in the country,” said LaGrange Economic Development Authority President Scott Malone.

“While we have more than a hundred manufacturers in Troup County, forty-one of those are international companies from eighteen different countries. That’s how we came up with the name the Georgia International Business Park.”

The LaGrange Development Authority will also be hosting its GIBP CEO Sustainability Roundtable Thursday, March 22nd at City Hall from 8:30-10:00 a.m.

More than a dozen CEO's from existing and new business representing the Georgia International Business Park will be a part of this meeting to discuss sustainability. Among the businesses represented include Kia, Sentury Tire, Interface, and Milliken, among others.

Following the meeting, forty international project managers from the state of Georgia will be touring LaGrange.

The media is welcome to attend the GIBP CEO Sustainability Roundtable.
